Great book

By superstar

A great book which combines pictures and text, gives much info on the golden ring one of Russia's historical most important places.

0 of 0 people found the following review helpful.

Glimpse of Russia just before the fall of the Soviet Union.

By Rebecca Menes

This guidebook was published in 1988. It is a small book, but handsomely illustrated with color photos - everything from Medieval treasures and churches to modern sports facilities and Socialist Realist statuary. Not a lot of text, but it is relatively good; mostly it covers pre-Soviet history. In short, the book is both a snapshot of Russia on the eve of the fall of the Soviet Union, and a decent guidebook to the history, art, and architecture of Russia just outside Moscow.
