## Review

Attention to Detail is a must read book for every teen and adult who wants to succeed in today's business world. -- Cleveland Plain Dealer, 24 March 1999

Attention to Detail is highly recommended for all young men aspiring to succeed in the professional, "white-collar" world. -- The Midwest Book Review, February 1999

Attention to Detail is the bible of professional dress for any young man striving for success. Greenleaf decodes today's labyrinth of fashion with practical dos and don'ts in this lively, concise, and simple guide. Buy one for yourself and one for a friend. It will pay for itself time and time again. -- Paul G. Stoltz, best-selling author of Adversity Quotient

Clint Greenleaf is a "business etiquette expert." -- Wall Street Journal, 29 September 1998

Clint Greenleaf is a "etiquette guru." --Entrepreneur, July 1999

## From the Author

I wrote this book for friends when I was in college. It seemed necessary when several of my friends would wear flannel shirts and nose-rings to job interviews. I learned many of these points when in the United States Marine Corps and in the professional world at Deloitte & Touche. I wanted to help other young men attempting to crack into the professional world. By explaining many of the odd social graces and "tricks" in appearance and conduct, young men have the knowledge to succeed. I welcome any comments, thoughts and suggestions at "[clint@greenleafenterprises.com](mailto:clint@greenleafenterprises.com)".

## About the Author

Clint Greenleaf spent three years as a United States Marine before graduating with a B.A. in economics / accounting from The College of the Holy Cross in Worcester, MA. While in college, he was an admissions

officer interviewing high school seniors for entry into the school where he noticed the need for such a book. After graduation, he worked at the "Big 6" accounting firm, Deloitte & Touche. He is now President and CEO of Greenleaf Enterprises, Inc.

##### Wax On, Wax Off

By bob

This book is for a young man who is about to graduate from high school or college. If you are looking for a serious book about men's fashion, I suggest you look elsewhere. Perhaps you may want to look at Josh Karlen's 'Indispensible Guide to Classic Men's Clothing' which I found informative reading in the areas of suits, shirts, and outerwear; or even Tim Meehan's 'Suit Yourself' which I thought was interesting in the areas of "dress" casual and "corporate" casual. It took me about 10 minutes to read Mr. Greenleaf's book after skimming the chapters on 'Shaking Hands', 'Shining shoes' (who has time to put shaving cream on their shoes?) and business etiquette. If you need work in these areas, then this book is for you. If you are already established in the business world and have already committed all the fashion crimes early in your career but are gearing more towards the next level in classic men's fashion, this book is not for you. This book is a very basic primer for a person whose closet is empty.

##### Excellent Advice for Men

By A Customer

I had my boyfriend read this as he was job hunting. He wouldn't listen to me, but he devoured this book and really started to spiff up his appearance not just for job interviews but all the time. He learned that it's not just about "accept me as I am torn T-shirt and all". The way you appear and act sends out all kinds of subconscious signals. They must be positive because you never get a second chance to make a first impression. This guide is easy to follow, brief and filled with great pictures that really tell a thousands words. Kudos to Greenleaf on a great little book that really has the power to make American men a little more wonderful to look at.

##### A Good Start - But There are Better Books

By Victor Sachar

This book is a good start but really only starts to scratch the surface regarding men's style. There's no mention of what style shoes are best, proper ways to coordinate outfits, etc. The book is really quite thin, something like 80 pages or so. It's much more of a pamphlet to help act as a "refresher" course than a full fledged tome where you will get gobs of good information. It's just not in there.

Along with this book, I also bought Gentlemen Style by Bernhard Roetzel and Guenter Beer. This is the book that I keep coming back to. Lots of full color photographs, with names of the best designers and what situations you'd wear their products (work, play, both). This is exactly the book I was looking for. I'd

recommend this book over Greenleaf's book, although I consider Greenleaf's book a good "primer". Just don't consider it the only book you should buy.
