It will certainly include more understanding of you to life and function far better. **Bandit King: Lampiao Of Brazil By Billy Jaynes Chandler**, Try it and prove it.

BANDIT KING: LAMPIAO OF BRAZIL BY BILLY JAYNES CHANDLER PDF

What Jesse James was to the United States, Lampião was to Brazil, and then some. With a band that at times numbered a hundred or more, this notorious bandit confronted state armies on more than equal terms and cowed political bosses, virtually dominating large sections of his native northeastern backlands during the 1920s and 1930s. Although Lampião was often brutal and merciless, his occasional acts of compassion, together with his exploits, have made him a folk figure in Brazil.

Based on contemporary news accounts, archival materials, and extensive interviews by the author, this book presents the first systematic and reliable account of the famed desperado.

Examining Lampião's career from his boyhood in Pernambuco to his death at Angicos, Chandler sorts fact from fiction and places the bandit in the context of the backlands, where in the early part of this century becoming a cangaceiro (bandit) was as natural and attractive to the son of a tenant or small farmer as taking a degree in law or medicine was for the sons of the Recife or Salvador elite. Chandler sees Lampião and other cangaceiros as the inevitable products of a lawless society in which frontier conditions reminiscent of the American West persisted far into the twentieth century.

The Brazilian Brigand, Lampiao

By Yvonne P. Joseph

This is the only book so far on Lampiao in English. It is a riveting account. Besides his ugly side toward informants who ratted on him, Chandler mentions Lampiao had a humane side toward those who supported him and his brigands. Chandler also describes some of the tactics the Bandit King used to elude the "volantes" (police) --- walking backwards over their footprints, and wearing animalskins on their shoes to avoid leaving footprints, among others. But for how long can one continue to literally get away with murder?? The atrocities he committed on his enemies are squeamish to read (I won't mention them, here). For these gory acts, it is no wonder he and his gang met their grisly end in Angicos. Also, the book is very

descriptive about life in Northeastern Brazil during the 1920's and '30's. While reading, I've tried to envision these isolated areas with their arid, rough terrain. An interesting, yet, at times, disturbing, biography.

Rebel with a cause

By A Customer

If you just love the American Western heroes you must read about Lampião and Maria Bonita's life, something like Bonnie & Clyde story with many similarities between their stories. Even with some research problems, the book gives a human and real overview about the true story. A must read book if you want to understand the spirit of the most influential people in the Brazilian etnical formation, the northeast people.
