Oh this book, and series mind you, is so good!

By Sarah Greenwood

Oh this book, and series mind you, is so good. Your heart is in your mouth along with Ari’s at the start. Its like she is waiting for the other shoe to drop. Jared is holding all the cards now, after finding the plans to his house in her room, and you are just left waiting to find out how he is going to play it all out. Also goes down as another off my 2016 Bookworm Bingo Challenge – A book with a number in the title.

After a day has nearly passed Ari finds she hasn’t been arrested – yet! She knows she has no right to go after Jared to explain but when her boss threatens her and her sister she knows he’s the only person she can turn to. Jared has been brooding with the information for a while and still doesn’t know what to do – other than to ignore all of Ari’s calls and have her banned from his office building that is. He should have known though that she wouldn’t give up so easily as she manages to trick him into seeing her. Ari can see that he wants nothing to do with her, which almost breaks something inside her, but also knows that he is her only hope. His strong standoffish facade soon fades though the moment he notices the bruises on her neck. To say he

sees red and wants to hunt down the man responsible would be putting it mildly. He agrees to help her, keeping up appearances that they are still seeing each other, if she comes clean about everything – which she does to a point – but only when they are in the safety of his apartment. After she has told him everything you are holding your breath along with Ari the moment he starts his little speech – ready, aim, fire. That’s the moment he says that when this is all sorted out he never wants to see her again. Oh how my heart breaks a little along with Ari’s at that moment.

Loved the two of them together at his apartment when Ari finds out he deleted her Avatar from his game. To her its like he wanted to erase her from existence altogether, which is almost as bad as his comment the night before. He might have had a point with the fact that she lied to him from the beginning but you do feel like it was a bit harsh. So I’m glad that he does start to feel a bit bad even when he is trying not to. This then starts them connecting again on something other than the crazy that surrounds them. An activity that gets them all hot and sweaty that only leads to thoughts of other more adventurous ways they used to get hot and sweaty together.

Jared tries to keep his distance from Ari and only talk to her about how they are going to get out of the situation that are in but with the amount of chemistry and sexual tension that’s between them its not long before it all bubbles over the surface. Its like they have been starved for each other for so long that the moment that spark strikes there is no holding them back. Jared definitely turns into a bit more of a demanding lover taking charge the moment they are alone. They are like magnets; they will always be drawn together no matter what situation they find themselves in.

But with her ever unstable boss getting jumpy at every turn things soon take a turn for the worse. Clues about Ari’s fathers last job start coming to light and she and Jared realize that if they figure out what happened back then it might help them now. As long as they are on the same side then there is nothing that they can’t handle. Lets just hope that they are strong enough for what’s to come as there are lives on the line now and not just their own. Another cliff hanger I’m afraid with this one, as with the others in the series, so be prepared for another aaaaaaaahhhhhhhhhhh moment, that will definitely fire you up to want to know what happens in the last instalment.

I received this ARC from the author for my honest review.

To Tempt a Thief 3 (The Billionaire and the Thief)

By Tanya

Do you ever hate that when you have written a review and the computer froze up. Yep that just happened to me. So here I am starting all over.

First off this is the 3rd book in To Tempt a Thief Series and you must read the first 2 books. I loved the first 2 books so I knew I would be reading on in The Billionaire and the Thief Series and I was not sorry that I got to read the 3rd book. And, OF COURSE there was a cliffhanger but, I knew going in to reading this book that there would have to be one especially since I know that this is a 4 book series and with the way the 2nd book ended the 3rd book would have to end the same way. Plus Sylvia Pierce said that there was a CLIFFHANGER ALERT at the beginning of this book. Sylvia does promise we will be rewarded with patience when the 4th book in this series comes out.

Now after all that. I loved To Tempt a Thief #3! Maybe not as much as #2 but, that is okay. I still really enjoyed this book and Jared continues to be that Panty Melting Alpha that I love. And, again Sylvia is correct

she did leave me “begging for the ultimate climax”.

I received a copy of To Tempt a Thief #3 as a gift for an honest review and I give this book 4.5 stars. And, I can't wait to see what happens in Book 4.

Arianne's weakness - 5 stars

By Amazon Customer, JO's Book Addictions

This book picks up where the last one left off. After going to apologize to Arianne, Jared found the blueprints for his house and the code for his security system in her bedroom. Now Ari is trying to come up with something to tell Davidson, without getting her sister, herself and Jared killed.

"Arianne's secret is out, and now her destiny lies in the hands of two men. One controls her life. The other commands her pleasure. Neither is willing to let her go without a fight."

Jared is devastated that Arianne has fooled him to such an extent, but he can't get her out of his head—or his heart. He is determined to help her protect her sister and take Davidson down after he sees all the bruises he left on Arianne's neck. Did Davidson have something to do with her father's death? Jared thinks he does and now that Davidson has Tasha, things have taken a turn for the worse.

I am sooo ready for the last part of this story, to see how everything plays out. Will Jared lose all of his artwork? Will Ari go to jail? Will Tasha make it out of this alive - and if she does, will she forgive Arianne for all her lies?
