Johnny Ringo is the Man

By jswigart

Johnny Ringo is the Man. Everything he writes is awesome. The only trouble he has is picking people to help him write. They are not nearly as good. Because of his writing I've added a few songs to my playlist too... esp. Winterbourne (Celtic version). Being retired military it resonates with me.

but as it's the 4th book in a series either you like the story or you don't

By Edward J. Moone

Kind of an 'old school' sci-fi/fantasy action adventure. At times too much 'touchy-feely' emotional stuff, but as it's the 4th book in a series either you like the story or you don't. I do so it's all good to me.

Another good one

By Kindle Customer

As usual. A good sequel to the series. The requirements for so many words in the reviews is ridiculous though.
