FATAL LEGACY (OTTER CREEK) (VOLUME 4) BY REBECCA DEEL PDF

Three deaths in two weeks and she could be the next victim. The biggest dangers bookstore owner Del Peterson faces are paper cuts and aching feet until a gift draws her into the center of a federal investigation and she's taken into custody as a material witness. When Del's safe house is breached and a marshal dies protecting her, she turns to the man she knows has the skills to help. Two years ago, Josh Cahill transitioned from elite Delta warrior to small-town cop. When a federal judge is murdered, nothing will stop him from protecting the woman he loves. With help from his Delta unit and friends at Fortress Security, Josh sets a trap to capture the shooter. Though he vowed to protect her, bringing down the man behind the shooter might require Josh to take Del into the heart of danger.

Thrilling Best of the Series.

By sunny swan

Best of the wonderful series so far ! Josh is an intelligent, strong, focused ex-military cop who is determined to protect Del and Ivy . The two women are witnesses to a murder. More murder and mayhem follows as they are stalked and threatened by the killer. The hot Durango team along with Josh, the FBI, and the Marshall's attempt to solve the case . Lots of excitement with the girls escaping on their own late at night into the forest. Josh and his sniper team racing to get to them before the killer finds them. The growing feelings between Del and Josh are filled with respect, tenderness and concern. The team is a great group of caring individuals who melded together in the fire of war. The way they all support each other is the backbone of this story. I could not find a physical description of Del in this book. That was very frustrating. I did not want to refer back to a previous book to try and find it. If this was the first book of the series anyone picks up they would have to guess. The guys all refer to her as beautiful. A good physical description helps you lock on to a character. However, this was a thrilling terrific story.

Great Author, Bad Editing

By Dare2Dream

Excellent series, a little annoying that the men always start calling the women pet names--usually the same one until this book. She is great at developing characters, intrigue, and surprises. Excellent author...TERRIBLE editor. I found 5 really obvious errors, so bad that I started counting. I am not a nit picky person and I rarely see more than one obvious error in a book. One should have been caught by simply doing

spell check. It isn't the author's fault, but whomever is editing these books is not doing their job. All in all, she is an amazing author and I absolutely recommend this series. The next book is the best, in my opinion.

Phenomenal read!

By Colorado Avid Reader

Fast-paced, action-packed, dynamic characters! This well-written story is about greed, murder, and deplorable acts by men without conscience. It's also about family, justice, courage, loyalty and love. As the plot twists and turns we learn the depth of intelligence and strong ethics that are ingrained in Josh. We see the bravery and steel in Del as she protects her cousin, her family and friends, and takes care of her protectors. You will love this book about the last of the Cahill siblings.
