A Must Read!!

By lsm71877

I received a copy in exchange for an honest review.

It's hard for me to review what a touching piece of work this book was. It was touching and emotional. I just can not imagine what Justin was going through. There were several poems he wrote that just touched me. He certainly has a way of making you see with his words what he was going through. Keep in mind while reading this that the author wasn't just writing about someone else's life, it was his own. That makes these poems that much more special and heartfelt. The stories you will read, the meanings behind them, they can't be replaced ... you can't just replace the person you are losing to the battle they are fighting. Read this book, its more than worth it.

Passion + Energy = Inspiration!

By Phoebe Alexander

I don't typically enjoy rhyming poetry, but the passion and energy conveyed through Mr. Izlar's poetry is palpable. The additional insights and commentary provided by Mr. James only strengthen and augment an already incredible story. As a fellow author, I am certainly someone who believes in the power of words. I am certain anyone who has faced cancer or who has faced it alongside a loved one will find this book inspiring.
