FOUR THINGS WOMEN WANT FROM A MAN BY A. R. BERNARD PDF

After decades of preaching, teaching, and counseling, influential Christian leader A.R. Bernard reveals the four qualities women want in a man—qualities that contribute to a satisfying and happy relationship.

As a longtime pastor of a big-city church, A.R. Bernard has witnessed couples in every stage of life. He's been with them as they experienced dizzying joys, unspeakable tragedies, and everything in between.

As men and women have come to Bernard for spiritual counseling and advice, he's learned patterns of behavior that are repeated time and again. After almost four decades of preaching, teaching, and counseling, he's seen that while every situation is unique, people's behaviors and consequences are amazingly consistent. With this in mind, Bernard has developed a simple system for understanding how couples relate to each other.

Maturity, decisiveness, consistency, and strength—these are the four things women want and need most from a man. In his book, Bernard teaches readers how to identify and cultivate these traits toward a happy and long-lasting relationship—one built to weather any storm.

The key qualities in men sought by women, explained from a place of kindness

By outwest

The minefield of modern day dating and relationships is befuddling, and particularly in a world with so many competing viewpoints and media saturation. Cutting through all of the jargon Bernard focuses on four traits, maturity, decisiveness, consistency, and strength. Through his experience, these four factors are detailed as being the traits women seek, as well as the foundations for the makings of a responsible male.

In retrospect, the four traits appear simple enough, however each of the four involves self-discipline, which appears to be the overarching theme of all four factors. The development of each of these four factors requires accurate self-reflection and self-discipline; you cannot fake maturity, decisiveness, consistency or strength. Fortunately faith, family, and community can all serve to help in these qualities.

This book will give the clueless a better clue as to what a woman is really looking for in a life partner, and start some on the path to developing a more mature self.

Excellent Standard to live by.

By TGizzmo

This book is short and to the point. You can get through it within a few hours and come out of it with a lifetime of learning. For men, something to judge yourself by. For women, things you should look for in a man.
