This is why; you have to find out more while reading this Highland Solution (Duncurra Book Book 1) By Ceci Giltenan This is not just exactly how fast you review a publication as well as not just has how many you finished the books; it has to do with what you have gotten from the books.

HIGHLAND SOLUTION (DUNCURRA BOOK BOOK 1) BY CECI GILTENAN PDF

Laird Niall MacIan needs Lady Katherine Ruthven's dowry to relieve his clan's crushing debt but he has no intention of giving her his heart in the bargain.

Niall MacIan, a Highland laird, desperately needs funds to save his impoverished clan. Lady Katherine Ruthven, a lowland heiress, is rumored to be "unmarriageable" and her uncle hopes to be granted her title and lands when the king sends her to a convent. King David II anxious to strengthen his alliances sees a solution that will give Ruthven the title he wants, and MacIan the money he needs. Laird MacIan will receive Lady Katherine's hand along with her substantial dowry and her uncle will receive her lands and title.

Lady Katherine must forfeit everything in exchange for a husband who does not want to be married and believes all women to be self-centered and deceitful. Can the lovely and gentle Katherine mend his heart and build a life with him or will he allow the treachery of others to destroy them?

Highland Solution is a romance about a married couple and thus contains several mildly explicit love scenes, as one might expect to occur in married life. If you want more steam than that, you might be disappointed. If you prefer to stay out of the bedroom this title is available in an Inspirational version.

Just...OK

By Laine

So, what's a poor, beleaguered Laird to do when he's out of money? He marries an heiress! Niall is the ruler of his clan, and desperately needs the infusion that Katherine's fortune will funnel his way to rebuild his clan. Katherine has lived a life of abuse at the hands of a cruel uncle, and pretty willingly starts a new life with her taciturn husband. If you're thinking this is a bit of an overused historical romance plotline, well, good thinking.

There's really nothing new in the story or the characters. Katherine's innate sweetness and selflessness makes the clan align with and accept her; Niall is a bit surly and overbearing, all due to a romantic betrayal in his past that's never fully fleshed out. He's quite mean to Katherine in several exchanges and she just takes it. Niall also accuses his brother of being a traitor at every conceivable turn, and winds up being not very

likeable.

However, I did keep reading! I don't know if I'm simply hungry for another good Highlander romance or what, but I was entertained enough to finish the story. I also respect the level of editing of the book; excessive errors and grammatical issues tend to throw me right out of a decent tale. Because of that, I will definitely try another of the author's works. It wasn't the best of the genre (For me, Julie Garwood and the recent Maya Banks Highlander novels were better), but it certainly wasn't the worst!

I didn't put this down until I finished it!!

By Fern Martin

Have you ever made dinner with one hand while reading a book because you couldn't put it down? That was me last night. Draining the pasta was a bit of a challenge.

Niall MacIan doesn't trust women. However, he needs a wife with tons of money to save his clan. King David takes care of that by granting him Katherine Ruthven, a lowland heiress whose Uncle abuses.

Katherine is loved by her entire clan and she protects them anyway she can even if that means taking the blows herself.

I'm so glad that Niall found Katherine. They needed each other so much. Niall so he could learn to trust others and himself. Katherine so she would understand that with opening your heart to love, you will sometimes feel the worst hurt. But working through that hurt together leads to a love that can handle anything.

The cast of characters including Niall's brother Fingal and his elite guard are endearing. They sided with Katherine more than once against Niall. Niall and Fingal's mother is awful and causes so much havoc for Katherine. Katherine brings a young boy with her after her marriage to Niall. Tomas becomes their foster son and learns that someone wants to kill Niall.

I loved this story and really hope that this author continues with some of the other characters in this book.

Thank you Ceci Giiltenan. It was awesome!!!!

Pretty good start for series

By Amazon Customer

I must say that I really did enjoy this book even though really nothing new in story's plot. I don't like to write bad reviews, I think you can list what you don't like about a book without dissing the author. I'm not an author but have read numerous articles by my favorites in which they talk about how much of themselves goes into their books. That being said, the book is well written and holds you're interest just not enough steam in the romance for my liking. It's well worth the price so if you don't mind "tamer" love scenes go for it, you won't be disappointed!
