JOHN FOR EVERYONE, PART 1: CHAPTERS 1-10 (THE NEW TESTAMENT FOR EVERYONE) BY TOM WRIGHT PDF

Making use of his scholar's understanding, yet writing in an approachable and anecdotal style, Tom Wright manages to unravel the great complexity of the extraordinary Gospel of John. He describes it as "one of the great books in the literature of the world; and part of its greatness is the way it reveals its secrets not just to a high-flown leaning but to those who come to it with humility and hope." Wright's stimulating comments are combined with his own fresh and inviting translation of the Bible text.

Tom Wright has undertaken a tremendous task: to provide guides to all the books of the New Testament, and to include in them his own translation of the entire text. Each short passage is followed by a highly readable discussion with background information, useful explanations and suggestions, and thoughts as to how the text can be relevant to our lives today. A glossary is included at the back of the book. The series is suitable for group study, personal study, or daily devotions.

Jesus steps out of the pages

By Fred

Here is not of a reading of the gospels that skips over the surface of the life of Jesus. Rather the depths of His life are really plunged. Not just a reading of the where and when of His life, but also the history altering work that was (and continues!) to take place.

Through John's gospel, Wright shows us a weaving together of the retelling of Jesus' life and ministry that John uniquely, as chosen by God, gives us. Not just a who, when, and where telling, but also the how and why. This is my 2nd gospel to go thru with with Wright, and, through this reading, it is as if Jesus is stepping off the pages into our own time & place in history.

An Excellent Study of the Gospel of John!

By W. Wilkin

This is probably the best commentary/study book on the Gospel of John that I've encountered.

It has a tremendously useful glossary at the end of the book. Even better is the fact that all glossary terms are highlighted in the text so that you immediately know if a term is defined in the glossary before spending time trying to look it up.

The commentary itself is excellent. We are using it in a small group study. We've had tremendous discussions using this book.
