JUNG Y EL TAROT: UN VIAJE ARQUETÍPICO (SPANISH EDITION) BY SALLIE NICHOLS PDF

This innovative study presents a detailed and piercing interpretation of the tarot in terms of Jungian psychology. The book explains how the images on the Major Arcana—the first 22 cards in a tarot deck—can be viewed through the prism of Jungian archetypes, the psychic dispositions that Carl Jung believed comprised the collective subconscious. Through analogy with the humanities, mythology, and the graphic arts, Sally Nichols demonstrates how the cards can be read as a map that describes the path toward self-realization and provides various techniques for using the cards to glean practical information along the way.

Este estudio innovador presenta una detallada y penetrante interpretación del tarot mágico en términos de la psicología de Jung. El libro explica cómo las imágenes de los arcanos mayores—las primeras 22 cartas de una baraja de tarot—se pueden analizar en relación con los arquetipos, las disposiciones psíquicas que Carl Jung sostuvo que comprenden la subconciencia colectiva. A través de la analogía con las humanidades, la mitología y las artes gráficas, Sallie Nichols demuestra cómo las cartas se pueden considerar un mapa que describe el viaje hacia la autorrealización y ofrece diversas técnicas para utilizar las cartas y adquirir conocimiento práctico en el camino.

Great with symbols, not a tarot manual

By ELIO SUAREZ ACEVEDO

Very good book, intensive on major arcana, but i wish it had some teachings about the minor arcana as well, but anyway, it is understandable as it is not a tarot manual
