JUST JULIET: AN LGBT LOVE STORY BY CHARLOTTE REAGAN PDF

The coming out story that will completely change the way you look at love, now available for free on Kindle Unlimited.

Juliet represents the road less traveled. Will Lena take it?

Lena Newman is 17, her best friend's a cheerleader, her boyfriend's a football player, and as far as everyone is concerned, her life is sorted. But that's before she befriends the new girl. Juliet is confident, slightly damaged, drop-dead gorgeous and a lesbian.

Lena realizes that her interest goes beyond just friendship. She sets off on a path of self-discovery where the loyalty of those closest to her will be tested.

"It feels real without being tedious, and heart-warming without being sappy. It's not all roses, and it's not all doom and gloom. It's great." - Jon

"Just Juliet is the story I wish I could have given to my parents to read when I was 16 so that they knew what I was going through." - Caro M.

Smitten as a kitten, I was enamored from the very first paragraph—READ this poignant tale of teen angst, hope and LOVE.

By Jeff L. Day aka The Dark Quill

Honestly, I am slightly taken aback and not exactly sure WHAT to say about this deeply moving and inspiring book. I got to the end and was flabbergasted not to find a “see what happens next in Book Two header” well even more than that I can easily say I was heartbroken. I had made a new group of deeply involved friends that I was completely invested in and the thought of not seeing a following chapter only added to the tears streaming freely from my eyes.

HOPE, I can, is a motivating factor in this book, it seemed to me. It offered HOPE of a beautiful and accepting world while acknowledging the ugly edges of bitter reality I have seen reach out and bite too many of my own personal family. Not family as in kinfolks, but “FAMILY” as most of my LGBT friends refer to one another as (and PROUDLY, I find myself included as “family” even though I am a heterosexual West Texas redneck). People seem to forget that Love is LOVE and that does not delineate a difference between the sexes or who loves whom. But, before I go off on a rant, let me get back on track.

This is a poignant and stunningly beautiful read from start to finish, this author was completely an unknown quantity to me, I had never heard of her and to be honest, I have never read a book of this genre before; I guess I just never thought to, but it won't be the last. I read it because I received an Advanced Release Copy with a request for a fair and unbiased review, a risky move on their part considering I am often a bit.....ummmm, well—lets say more honest than many publishers are hoping for and point out editing errors and wandering plotlines etc. No worries here though, for I was smitten from the start.

The teen angst, romance, school spirit/activities, day to day real-life with friends and family; every aspect that makes ANY book a great read regardless of the genre, this books exceeds all standards! Inter-woven and closely developed characters come together in the beautiful of ways, they have the real life complexities one would expect, no punches pulled of BS flowed (Sorry for that, I realize it is not grammatically correct, but I DID say early that I am a Redneck!), the characters develop slowly and realistically, there is friction and tension; but more importantly there is LOVE and HOPE and ACCEPTANCE and a simplistically illustrated example of the perfect metaphor for an ideal family unit.

As soon as I finished this book, once the tears were dried and wiped away (difficult for a redneck to admit in public), I immediately went back to page one and re-read the entire, wonderful, BEAUTIFUL, moving and heartwarming tale of paradise. My one piece of advice to YOU, is go and find a copy of this book, LGBT or not; this is a beautiful story worth reading with characters you WILL fall in love with and is so well written and perfectly developed—I am jealous of this author's talent—but eternally grateful that she took me along for this beautiful ride.

he sums things up much better than I could

By Natakus81

There is a review for this book by one Jeff L. Day, that I couldn't agree with more. Also, he sums things up much better than I could. However, this was such a well written book I feel compelled to put something down as well. I'll try to keep it brief :)

Just like Jeff, I'm not the type who normally pics up a romance novel. In fact the only other novel of its type I ever did read would be 50 Shades (I'm not going to compare the 2 btw). And I also felt like I had found a whole new group of friends in this book, the characters were so real and so well rounded, and the writing from Lena's 1st person point of view done so well it really was hard to come back out of this story and back

into reality. This was one of those books that after turning the final page, I couldn't just start into a new book, I need to rest for a couple days :)

The only real complaint I have, is that there isn't a 2nd story. In fact, in my ideal world, the epilogue wouldn't be in this book at all, and that could become a full 2nd novel, perhaps one told from the perspective of Juliet and Lena in alternative chapters.

Great book!!!

By Read with Me

his book probably should be THE book a teenager (or actually anyone) reads if they are questioning their sexuality or want to come out to loved ones. It showcases the good, the bad and the ugly....without glossing anything over. Take for instance Scott's coming out to his parents. For me, that is the worst case scenario. It is the bad and the ugly all rolled into one and I was in tears reading it. Not to get preachy but you loved your child before he/she was born....why should that change because of who THEY love or what gender they identify with? Maybe I am in the minority but if my son or my daughters came up to me and said "Hey, Mom, I think I am gay/bisexual/trans (just sticking to the basics here but you get my gist)", I wouldn't be throwing them out. I wouldn't be screaming at them "I didn't raise a f--t or a d--e or assaulting their SO's (like Scott's father did to Lakyn). Like I said above, they are your children. You carried them in your body and molded them into who they are. I can't understand WHY anyone would choose to act like that to their own flesh and blood. Strike that, I do and its called IGNORANCE and FEAR.

Ok now that I went off that tangent, let's continue with the review....lol.

Juliet's father, for me, was the best case scenario. He knew his daughter was a lesbian and could really care less. Actually, Juliet did explain why he was so tolerant but you need to read the book to find out why (I know, I'm awful).

I honestly didn't connect with Lena, at first. I don't know why, she just didn't really jive with me....at first. I think it was that while she was very attracted to Juliet, she didn't know how to express herself to her (as weird as that sounds). But once she did, and oh boy was that scene funny, she all of a sudden got more likeable and by the end of the book, I loved her. Her coming out scene to her parents was bittersweet, especially after what Scott told her about how his parents reacted.

Juliet, I absolutely loved. She was that girl that everyone stopped to look at because she commanded attention and she didn't take anything from anyone (the scene at the football game stands out in my mind the most). She was out and proud and I loved it. While she was definitely more experienced than Lena, she slowed it way down and to it at Lena's pace.

The secondary characters totally made the book too. Lakyn, Scott, Lacey (OMG, she had me in tears laughing at points in the book and you couldn't have asked for a better best friend).

The ending was great. It really wasn't a HEA per say but it was close to it.

How many stars will I give Just Juliet? 5

Why? It is just a really well written book that explores all sides of coming out to parents and friends. It is also a book about first love.

Will I reread? Yes

Will I recommend to family and friends? Yes

Age Range: Teen

Why: No sex but some scenes of making out, language.

I received a free copy of this book and volunteered to review it
