From Publishers Weekly

Hugo Award winner Zahn follows up *Heir to the Empire* with still more adventures of Luke Skywalker, Princess Leia, Han Solo and their merry band, adroitly juggling an abundance of plot lines to produce skillfully paced entertainment. The citizens of the capital planet of the New Republic believe their battles against the remnants of the Empire are going well. But Grand Admiral Thrawn, the most brilliant of the Emperor's minions, is preparing to crush the New Republic with nefarious schemes involving smugglers, political rivals, a well-placed mole and even a Jedi Master. Can evil genius outflank the Force? Distracted by threats to Leia's unborn twins, domestic infighting and other upheavals orchestrated by Thrawn, the heroes of the New Republic summon up all their resources to fend off galactic disaster. Fans can expect Zahn's lively tale to spill over to the next and final installment of his series. 250,000 first printing.

From Library Journal

Political infighting threatens the fragile, victorious Rebel Alliance in its ongoing struggle against the empire in this sequel to *Heirs of the Empire* (Bantam, 1991). Luke, Leia, and Han face separate challenges from a mad Jedi, an Imperial Grand Admiral, and a smuggler with a dangerous secret, and the fate of the alliance hangs on the outcome of their missions. Zahn's snappy prose and cinematic style capture the feel of the popular *Star Wars* films as he weaves together a lightweight but exciting tale of high adventure. Expect demand.

From Kirkus Reviews

Sequel to *Heir to the Empire* in this continuation of the *Star Wars* movie saga. Here, Leia Organa Solo, carrying twins, goes off (accompanied by Chewbacca and C-3PO) on a diplomatic mission to convince the Noghri to give up their indenture to the Empire and join the New Republic. Meanwhile, Luke Skywalker pays a visit to the Jedi Master C'baoth to continue his training, ingenuously not realizing that C'baoth is insane and headed toward the Dark Side. Meanwhile, Han Solo and Lando Calrissian are searching for evidence that Admiral Ackbar is not a traitor after all. Meanwhile, Grand Admiral Thrawn of the Empire is stamping out rebel enclaves and searching for the legendary Dark Force, 200 state-of-the-art battle cruisers

that vanished years before. Meanwhile, smuggler Talon Karde and his second-in-command, Mara Jade, potential Jedi, may know where it is.... Despite stereotyped characters, supervillain posturing, last- instant escapes, and overall predictability, this is thundering melodrama, with a satisfyingly complicated plot. Still, it adds nothing of its own to the tradition of media-driven fiction. -- Copyright ©1992, Kirkus Associates, LP. All rights reserved.

STAR WARS: DARK FORCE RISING BY MIKE BARON, TERRY DODSON, KEVIN NOWLAN PDF

In the aftermath of the events of "Star Wars Episode VI: Return of the Jedi", you might think Luke, Leia, Han and co would be due for some downtime. You'd be wrong! The Empire is dying; but like a dog near death, the Empire is at its most dangerous, ready to lash out. Grand Admiral Thrawn may have found just the firepower needed to take a bite out of the New Republic: some two hundred Dreadnaught heavy cruisers, lost to hyperspace in the days of the Old Republic. Our heroes may be up against more than they bargained for, but it's not the first time the odds have been stacked against them! Written by Mike Baron ("Nexus") with art by superstars Terry Dodson ("Wonder Woman") and Kevin Nowlan ("She-Hulk"), this is an essential piece of the "Star Wars" saga!

A good sequel.

By Dominic

I have been a fan of Timothy Zahn since I read Thrawn Trilogy in the 90s. I've decided to read it again. Like the first book, Zahn did a good job in writing the story. Each chapter has a climax and a goo plot to it. In each page, Zahn puts in a lot of detail in the story. And briefly describes each character, and has specific scenes for each character. It a work of art. It doesn't stop there.

A Great Start to the EU

By Mark

In the Thrawn Trilogy, Timothy Zahn kicks off the EU proper with a trilogy usually regarded as one of the EU's high points--and with good reason. Zahn definitely has a feel for Star Wars and his writing is perfectly suited for the task at hand. Thrawn is an extremely compelling character, as is Palleon. Jorus C'baoth is another interesting character, and Mara Jade is downright essential. Most good EU novels will follow the same sort of direction as what Zahn did in the Thrawn trilogy, and characters from these books will pop up time and time again in subsequent EU books.

Totally satisfying

By Brandon Cooper

Another great adventure in the infamous Thrawn trilogy. A must read, action packed thriller which sees a significant evolution of Mara Jade, and the gang.
