This book is like a seed of a banyan tree. Seemingly tiny and insignificant.

By Candoar

This is one of the RARE gems which you won't get to read unless you are blessed.

Some might feel that this book is short.

Believe me, in the thousands of books I had, this is one I will never ever wish to lose.

1. Each of the ten tools is effective
2. A normal household will have needs to use atleast three of the tools in this book every week.
3. Using wisely, one can prosper easily
4. Sick people in the family, upset parents and financial struggles will find this book of great use.

5. The book is underpriced - heavily.

Light read

By Binfinity

If your looking for little more than a "list" of ideas this is an average book with no real depth. It appears that the author borrowed from other ideas/reading materials just so he could write something down.

a great book

By Kindle Customer

Short and to the point, this enlightening read is filled with gifts to help you down your life's path, no matter how rocky. I recommend it highly
