You can't go wrong with the Berenstain Bears. I only wish I would have paid a couple extra bucks more for the paperback as the kindle version is formatted poorly and the pics are terribly small. This is the first children's book I have purchased for the Kindle Fire and I have no idea if this is standard, but my expectations were higher (even formatting text so one sentence doesn't end up on a blank white page by itself would have been helpful). Wait the two extra days for Prime and pay the two extra dollars... it will be worth it to own this in your collection.

By M&L

This is not what I expected it to be. I wanted a book to help teach a bit about why we celebrate thanksgiving. This book barely touched on the pilgrims and focused more on whether they were going to eat sisters pet turkey. I was disappointed.

This is a great book. It only got 4 stars because it is a LONG one- and when it's time to read after a long day, I was not excited to see this in the pile of books my son had chosen. The message is very sweet and funny- there are some really cute things in this book. My son is 3 and he loves this book (and all the Berenstain Bears books in general).
