A provocative read, especially if you've hit a roadblock in your life

By Traveller

I not only know the author personally and his journey from addiction into transformation, but have also had a similar journey of my own; This book indeed covers and highlights of the journey and many thoughtful steps that remain hidden and blocks to recovery. For those who have blocks or simply are looking to know God at a deeper level. A great and provoking read!

Truly deserves to take its place among the great books of the Curse of Ham biblical traditions

By WriterJF

David Kyle Foster is the best modern day Pharisee we have, as evidenced by the claims he makes in this book. He has shown us that the medical associations don't know anything when they say gay conversion attempts don't work and often cause harm. David uses personal anecdotes, in the tradition of multi-level marketing sales pitches to prove that the ex-gay leaders who all claimed nobody changed from homosexual to heterosexual after decades of effort, prayer, bible study, Christian pastoral counseling and gay conversion therapy were all in cahoots against his claims.
