Having A Clue

By Ron R. Guzman

You'll definitely have a better "clue" with the Pease's book. Most of the time I found myself saying something like "OH, that's why" or "That makes perfect sense!" You'll definitely gain a lot of gender insight from this practical book.

A cute read

By Rosie P

Relies a little bit too much on biology for my liking, but it has some cute anecdotes and scenarios along with some practical advice. A fun read if not taken too seriously.
