Tyler Knott, you did it again. Amazing. You are one Rad dude.

By Drbotts

Tyler, you have absolutely done it again. This book of poetry will be on my bookshelf by my bedside for years and years to come. The moment I got it, I could not put it down.

To other fans of Tyler, these poems are typically longer than some of his past books. A lot of time and thought seems to have gone into the selection of each piece. There is a deep intellectual touch on every work which in this book goes beyond love but into life, purpose, direction, appreciation, and joy to name a few.

I highly recommend this book to anyone who is looking for a wonderful American poet.

It is love and longing and loss and all of the feelings ...

By Lindsey Beaver

This book is the wide open heart of a one in a million human being poured onto paper. It is slices of the human experience laid out in words and breathtaking photography. It is love and longing and loss and all of the feelings in between. It opened my mind to more wonder than I remembered existed and reminded me that I was alive. If you like poetry, or are a human with a beating heart, buy this book. I guarantee that many if not all of it will touch you on a personal level in some way or another. It's a must have.

Why haven't you ordered a copy of this yet?!

By Amazon Customer

Tyler is one of the best poets of my generation. Seriously, I've lost track of my favorites of his. I've gifted his books and calendar to my friends. I know this sounds super cheesy, but his writing has changed my life. He has connected me to a network of souls that I never would have met otherwise. This latest book blows my mind every time I even look at the cover. Do yourself a favor: buy this book as fast as you can (as well as all of his books), and read it, truly read it. I swear you'll be a changed person (for the better) after having read his words.
