Besides, in this manner will certainly also improve your life top quality.

XAMNESIA: EVERYTHING I FORGOT IN MY SEARCH FOR AN UNREAL LIFE BY LIZZIE HARWOOD PDF

Would you drop your life to go work for billionaires in their remote oasis?

At twenty-three, Lizzie leaves her native New Zealand to work for VIP billionaires in their remote oasis. Legally forbidden to talk about her employers, she calls their country 'Xamnesia.' The place has its perks, such as hugging Michael Jackson and receiving diamond watches, but with her isolated childhood and anxiety about succeeding, she'll do anything to please others. And with these bosses, that's one bad rabbit hole to fall into.

Will smuggling a million dollars be what snaps her out of her fog? And can she forge a real life after so many years in 'Xamnesia'?

A travel memoir of a truly bizarre world, this gutsy coming of age story promises a rollercoaster ride of losing and finding self-esteem as a young woman.

Has the Wow! factor - powerful, enjoyable, extraordinary, great writing.

By Diane Stevenson

Loved this memoir. Drawn in from the first sentence and couldn't put it down. Energetic and intense yet easy to read, sweeps you along, enjoyable, powerful. Wonderful, vivid writing. I think there is so much in this very honest and extraordinary story that different readers will take different things from it - for me it was the very powerful message about women's self-esteem. This book has stayed with me long after finishing it. Would highly recommend.

Couldn't put it down!

By Jennie Goutet

I couldn't put this book down. The years in the author's life that she wrote about were something only a very tiny percentage of the population can say they've experienced. The setting is sort of mind-boggling, actually - that mix of insouciant, extravagant wealth, and the rickety structure of staff and entourage that support it. The vivid detail and unique scenario alone make the book worth reading.

But I think what I liked even more was the author's unapologetic description of her life and choices during the time she wrote about, and the disastrous implications that went with it. The author is extremely nearsighted (physically), and myopia was a prevalent theme throughout the book. The author described how being myopic made her feel both vulnerable and invincible, and how both sensations affected the outcome of her story. Harwood may have been shortsighted in the decisions she made at the time, but her self-awareness and the rawness in which her story unfolds shows a perceptiveness which is farsighted indeed. This book is captivating and well worth the read.

In full disclosure, I was given an advance copy in exchange for my review, but I liked the book so much I ordered it.

Honest and funny memoir that you won't want to put down

By Nhan Chiem

Some facts are stranger than fiction. And this book's remarkable tale of adventure, loss and redemption certainly proves that point.

I really enjoyed the frankness of the narrative, the humor and the conversational style of writing.

Memoirs like Lizzie's remind us how each of our lives is filled with such dizzy highs and lows and is remarkable in its own way.

I hope there's a sequel. Please.
